#### SUES GIRLS FOR HAZING

Purdue University Student Demands \$7000 from Seven Defendants

Lafayette, Ind., April 2.—As a result of a hazing in the girls' dormitory of Purdue University last January, Mabel Rogers of Shoals, Ind., filed suit today against seven senior girls, demanding \$7,000. The plaintiff, who is a first-year girl, alleged that up to the time she was hazed she was healthy, with normal eyes, but now her sight is impaired and her health destroyed.

Miss Rogers in her complaint alleges that on a certain day in January while she was preparing her lessons seven girls dragged her from her room, tore off her clothing, painted her chest, back, and neck with red ink, poured mud on her back and stuck her with pins in an effort to compel her to kneel to her assailants. She further avers that she was ducked in a tub of water. She declares she was forced to go to a hospital for treatment following the hazing, and that she had been unable to do her work in the university.

#### CONNECTICUT IS RISING

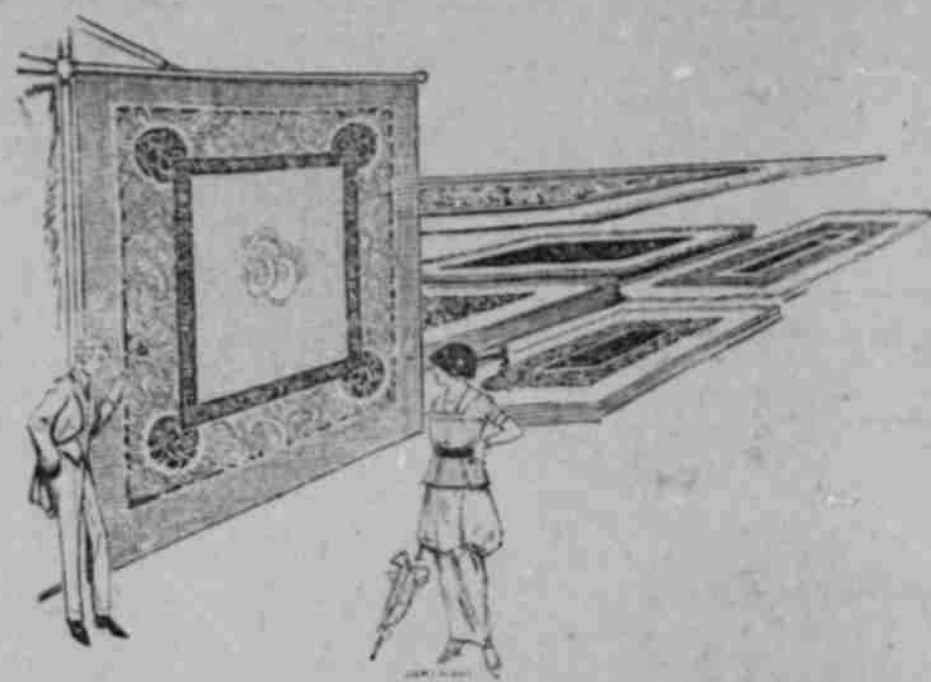

River at Brattleboro Has Topped High Mark of 1913

Brattleboro, April 2.—The Connecticut River was the highest opposite Brattleboro this afternoon it has been since the high water of a year ago. Early this evening it was still rising at the rate of about two inches an hour and water had begun to flow on to Island Park which, last year, was so washed by the high water that it cost over \$1000 to put it in shape for ball playing. The river at this point had been free from ice for two days until this morning, when it began to come down, at times the river being practically solid with it.

In every household when the round of means falls a little. It is not always easy to "try something else" for fear someone of the family may not like it. But we have so many different things in the grocery line, in prepared foods, in fruits, in cereals, in little side dishes that tone up a meal that if you will come in and tell us your housekeeping troubles we will be able to help you out.
